

The 1st AMY Data Workshop

Agenda

Venue: Institute of Industrial Science, The Univ. Tokyo, Komaba, Tokyo, Japan

Travel access: http://www.iis.u-tokyo.ac.jp/access_e/access_e.html

Room: An Block-401/402 http://www.iis.u-tokyo.ac.jp/access_e/campusmap_e.html

Note: Underlined>=Presentor

June 09, 2010 (Wednesday)

<Rm An 401/402>

9:00- 9:30: Registration

9:30- 9:35: Opening Remarks (Jun Matsumoto)

9:30-9:40: Self introduction of the participants

[Chair: Kooiti Masuda]

9:40- 9:55: Current status of AMY (Jun Matsumoto)

9:55-10:10: Report from AMY IPO (Jianping Li)

10:10-11:00: AMY Re-analysis by MRI/JMA (Hiroataka Kamahori)

11:00-11:20: Regional modeling in MAHASRI and expectation for AMY Reanalysis
(Guixing Chen)

11:20-11:30: Coffee Break

[Chair: Jianping Li]

11:30-12:00: JAXA data for AMY (Keiji Imaoka)

12:00-12:30: AMY Data management in the SCSIO (Dongxiao Wang)

12:30-12:40: Group photo

12:40-13:50: Lunch Break

<Rm An 404>

[Chair: Dongxiao Wang]

13:50-14:15: Satellite data management in the CEReS, Chiba University (Atsushi Higuchi and Munehisa Yamamoto)

14:15-15:00: AMY data loading (Project leaders, all data managers)

15:00-15:15: Coffee Break

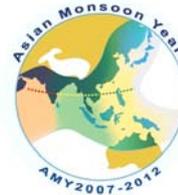

15:15-15:45: AMY Central Data Archive (Toshio Koike)

15:45-16:15: AMY data quality control (Project leaders, all data managers)

16:15-17:00: AMY data loading and quality control practice (Project leaders, all data managers)

17:00-18:00: Visit DIAS Core System in the IIS, UT

18:00-20:00: Welcome Reception (Cafe Capo PELLICACO on the 1F of the building)

June 10, 2010 (Thursday)

<Rm An 404>

- 9:00-12:30: AMY data meta-data input and practice (Project leaders, all data managers, with a coffee break)
- 12:30-13:30: Lunch Break

<Rm An 401/402>

- 13:30-14:30: Discussion on AMY data management and policy

Introduction of current status and scientific highlights of each project -1

[Chair: Jun Matsumoto]

- 14:30-14:50: Air-sea feedback over the northern South China Sea (Dongxiao Wang)
- 14:50-15:10: MAIRS dryland study report (AiLikun)
- 15:10-15:30: Coffee Break

Introduction of current status and scientific highlights of each project -2

[Chair: Ailikun]

- 15:30-15:50: Observation network for land-atmosphere interaction across scales: calibration and integration (Gensuo Jia)
- 15:50-16:10: Development of Sem-Arid Climate and Environment Observatory (SACOL) in Northwest China (Wu Zhang and Jianping Huang)
- 16:10-16:30: JEPP/Tibet (Hirohiko Ishikawa)
- 16:30-16:50: Effective water management by earth observation - JEPP/Thailand (Thada Sukhappunnaphan, Taikan Oki and Daisuke Komori)
- 16:50-17:10: Current Status of MAHASRI Mongolia - PRAISE (Jun Asanuma)
- 17:10-17:30: CEEMA & SCSSM Prediction (Bing Zhou)

June 11, 2010 (Friday)

<Rm An 401/402>

Introduction of current status and scientific highlights of each project -3

[Chair: Tsingchang Chen]

- 9:00- 9:30: Rain-gauge station and AWS measurement in central Vietnam and the MAHASRI Program (Minh Toan Hoang and Hideyuki Kamimera)
- 9:30- 9:55: Flood in the northeastern Indian Subcontinent - JEPP/Bangladesh, Assam and Meghalaya (Taiichi Hayashi)
- 9:55-10:25: JEPP/HARIMAU project (Jun-Ichi Hamada, Pei-Ming Wu, Hiroyuki Hashiguchi, Shuichi mori, Fadli Syamsudin and Manabu D. Yamanaka)
- 10:25-10:45: Coffee Break

Introduction of current status and scientific highlights of each project -4

[Chair: Peiming Wu]

- 10:45-11:15: East Asian Monsoon Experiment (EAMEX) (Tsingchang Chen and Mingcheng Yen)
- 11:15-11:40: SCHeLEX (Mei Gao)
- 11:40-12:05: JAMSTEC Observation in 2010 (Shin-Ya Ogin, Jun Matsumoto, Peiming Wu, Nobuhiko Endo, Hisayuki Kubota, Hideyuki Kamimera, Miki Hattori, Susan R. Espinueva, Prisco D. Nili, Tran Quang Chu, Ngo Duc Thanh, Nguyen Thi Tan Thanh and Tran Van Sap)
- 12:05-12:30: Changes in the summer/winter season and temperature extremes in a warming climate from observation and IPCC models (Wen Zhou, Jiangjiang Xia and Zhongwei Yan)
- 12:30-12:55: A planetary-scale land-sea breeze circulation in East Asia and the western North Pacific (Wanru Huang)
- 12:55-13:10: Closing remarks (Jun Matsumoto)
